**COMPTON UNIFIED SCHOOL DISTRICT  
PROJECT STABILIZATION AGREEMENT -  
BOND FUNDED PUBLIC WORKS CONSTRUCTION,  
REHABILITATION AND MAINTENANCE PROJECTS**

This Project Stabilization Agreement (hereinafter, "Agreement") is entered into this 3<sup>rd</sup> day of October, 2005, by and between the Compton Unified School District, its successors or assign, (hereinafter, "District") and the Los Angeles/Orange Counties Building and Construction Trades Council (hereinafter, "Council"), and the signatory Craft Unions (hereinafter, together with the Council, collectively, the "Union" or "Unions"). This Agreement establishes the labor relations Policies and Procedures for the District and contractors awarded contracts for covered work for the craft employees represented by the Unions engaged in the Public Works construction, rehabilitation and maintenance projects funded, in whole or in part, by the Compton Unified School District or other public agencies, and more specifically defined in Article II, Section 2.2).

It is understood by the Parties to this Agreement that if this Agreement is acceptable to the District, it will become the policy of the District for the Project Work to be contracted exclusively to contractors who agree to execute and be bound by the terms of this Agreement, directly or through the Letter of Assent (Attachment A), and to require each of its subcontractors, of whatever tier, to become bound. The District shall include, directly or by incorporation by reference, the requirement of this Agreement in the advertisement of and/or specifications for each and every contract for Project Work to be awarded by the District.

It is further understood that the District shall actively administer and enforce the obligations of this Agreement to ensure that the benefits envisioned from it flow to all signatory parties, the contractors and craftpersons working under it, and the residents and taxpayers of the District. The District shall, therefore, designate a "Project Labor Coordinator," either from its own staff or an independent contractor acting on behalf of the District, to monitor compliance with this Agreement; assist, as the authorized representative of the District, in developing and implementing the programs referenced herein, all of which or critical to fulfilling the intent and purposes of the

Parties and this Agreement; and to otherwise implement and administer the Agreement. For such purposes, each contractor recognizes and appoints the Project Labor Coordinator, its successors or assigns, as its agent; and together with District and the Unions, the Project Labor Coordinator shall be considered a "negotiating party" of this Agreement.

The term "Contractor" as used in this Agreement includes any contractor to whom the District awards a construction contract through its public bidding process for Project Work, and also to subcontractors of whatever tier utilized by such contractors for Project Work. The term "Contractor" includes any individual, firm, partnership, or corporation, or combination thereof, including joint ventures, which as an independent contractor has entered into a contract with the District with respect to the Project Work, or with another contractor as a subcontractor for Project Work.

The term "Responsible Contractor" as used in this Agreement shall be defined as one that has a record of complying with federal, state and local government requirements for the determination of workplace wages, hours and conditions, including prevailing wages, apprenticeship, safety, workers' compensation and contract code and contractor licensing.

The Term "Labor/Management Apprenticeship Program" as used in this Agreement shall be defined as a joint union and contractor administered apprenticeship program certified by the State of California.

The Union and all contractors agree to abide by the terms and conditions of this Agreement and that this Agreement represents the complete understanding of the parties. No contractor is or will be required to sign or otherwise become a party to any other collective bargaining agreement with a signatory union as a condition of performing work within the scope of this Agreement. No practice, understanding or agreement between a contractor and a Union party which is not specifically set forth in this Agreement shall be binding on any third party contractor or union on Project Work unless endorsed in writing by the Project Labor Coordinator.

The Parties agree that this agreement will be made available to, and will fully apply to, any successful bidder for Project Work, without regard to whether that successful bidder performs work at other sites on either a union or non-union basis. This Agreement shall not apply to any work of any contractor other than that on Project Work specifically covered by this Agreement.

The use of masculine or feminine gender or titles in this Agreement should be construed as including both genders and not as gender limitations unless the Agreement clearly requires a different construction. Further, the use of Article titles and or Section headings are for information only, and carry no legal significance.

## **ARTICLE 1**

### **INTENT AND PURPOSE**

**Section 1.1** Background. The District's public works, rehabilitation and maintenance projects funded by the District's Construction Bonds, general budget construction funds and or other public agencies will affect public infrastructure within the District's authority. The goal of this agreement is to provide new construction, rehabilitation and maintenance projects bringing about the full and beneficial use of the District and its residents. The District therefore, wishing to utilize the most modern, efficient and effective procedures for construction, including assurances of a sufficient supply of skilled craftpersons, and the elimination of disruptions or interference with Project Work, adopts of this Agreement in the best interest of the residents and taxpayers of the District to meet the goal that the Project work be completed on time and within budget.

**Section 1.2** Identification and Retention of Skilled Labor and Employment of District Residents. The ongoing, annual funded construction, rehabilitation, and maintenance work scheduled to be performed over the next ten (10) years will require large numbers of craft personnel and other supporting workers. It is therefore the explicit understanding and intention of

the parties to this Agreement to use the opportunities provided by the extensive amount of work to be covered by this Agreement to identify and promote, through cooperative efforts, programs and procedures (which may include, for example, programs to prepare persons for entrance into formal apprenticeship programs or outreach programs to the community describing opportunities available as a result of the Project), the interest and involvement of District residents in the construction industry; assist them in entering the construction trades, and through utilization of the joint Labor/Management sponsored apprenticeship programs, provide training opportunities for those residents and other individuals wishing to pursue a career in construction. Further, with assistance of the Project Labor Coordinator, the District, the contractors and the Unions, will work jointly to promptly develop and implement procedures of the identification of craft needs, the scheduling of work to facilitate the utilization of available craft workers, and the securing of services of craft workers in sufficient numbers to meet the high demand of the Project Work to be undertaken.

**Section 1.3** Encouragement of Small Local Business. The District's projects will provide many opportunities for local small business enterprises to participate as contractors or suppliers, and the parties therefore agree that they will cooperate with all efforts of the District, the Project Labor Coordinator, and other organizations retained by the District for the purpose of encouraging and assisting the participation of local small businesses in Project Work. Each party agrees that it shall employ demonstrable efforts to encourage participation in an effort to achieve such goals. This may include, for example, participation in outreach programs. Education and assistance to businesses not familiar with working on a public works projects, and the encouragement of local residents to participate in Project Work through programs and procedures jointly developed to prepare and encourage such local residents for apprenticeship programs and formal employment on the Project through the referral programs sponsored and/or supported by the parties to this Agreement.

**Section 1.4** Project Cooperation. The parties recognize that the construction to take place under this agreement involves unique and special circumstances which dictate the need for

the parties to develop specific procedure to promote high quality, rapid and uninterrupted construction methods and practices. The smooth operation and successful and timely completion of the work is vitally important to the residents of the Compton Unified School District. The parties therefore agree that maximum cooperation among all parties involved is required; and that with various construction projects involved, with multiple contractors and crafts performing work on multiple sites of over an extended period of time, it is essential that all parties work in a spirit of harmony and cooperation and with an overriding commitment to maintain the continuity of Project Work.

Further, the parties recognize that an Act of God or on Act of War could require the District to partially or fully suspend Project Work. The Parties shall fully cooperate with any request by the District to redirect their equipment, skills and expertise to support the District's efforts necessitated by such events.

**Section 1.5** Workers' Compensation Carve-out. Further, the parties recognize the potential which the Project may provide for the implementation of a cost effective workers' compensation system as permitted by revised California Labor code Section 3201.5 and it is understood that the District is in an ongoing review of the value of such a program. Should the District request, the Union parties agree to meet and negotiate in good faith with representatives of the District for the development, and subsequent implementation, of an effective program involving improved and revised dispute resolution and medial care procedures for the delivery of workers' compensation benefits and medical coverage as permitted by the Code.

**Section 1.6** Peaceful Resolutions of All Disputes. In recognition of the special needs of the Project and to maintain a spirit of harmony, labor-management peace and stability during the term of the Project Stabilization Agreement the parties agree to establish effective and binding methods for the settlement of all misunderstanding, disputes and grievances, and in recognition of such methods and procedures, the unions agree not to engage in any strike, slowdowns, or interruption or disruption of Project work, and the contractors agree not to engage in any lockout.

**Section 1.7** Binding Agreement on Parties and Inclusion of District Residents and Business. By executing this Agreement, the District, Council, Unions and contractors agree to be bound by each and all of the provisions of this Agreement and pledge that they will work together to adopt, develop and implement processes and procedures which are inclusive of the residents and businesses of the District.

**ARTICLE 2**  
**SCOPE OF THE AGREEMENT**

**Section 2.1** General. This Agreement shall apply and is limited to all new construction, rehabilitation and maintenance work as described in Section 2.2 of this Article, performed by those contractor(s) of whatever tier that have contracts awarded for such work, for the development of the District's facilities and infrastructure which, jointly , constitute the Projects, and have been designated by the District for construction, rehabilitation, or maintenance where such work is funded in whole or in part by District General Funds, District Measure I Bond Funds and California Proposition 47 School Construction Funding or other agency funds, the prime contract for which is awarded more than 30 days after the effective date of this Agreement.

- (b) project work will not be split, divided or otherwise separated for contract award purposes to avoid application of this Agreement.

**Section 2.4** Exclusions. Items specifically excluded from the Scope of this Agreement include the following:

(This inclusion applies to the scope of work defined in the State of California Wage Determination for said Craft. Every Inspector performing under the Wage classification of Building/Construction Inspector and Field Soils and Material Tester under a professional services agreement of a construction contract shall be bound to all applicable requirements of the PLA.) Nothing in this section will be construed to include Department of State Architects-certified inspectors as included under the scope of this Agreement;

(e) Any work performed on or near or leading to or into a site of work covered by this Agreement and undertaken by state, county, or other governmental bodies, or their contractor, or by public utilities, or their contractors; and/or by the District or its contractors (for work for which is not within the scope of this Agreement);

- (b) It is agreed that all contractors and subcontractors of whatever tier, who have been awarded contracts for work covered by this Agreement, shall be required to accept and be bound by the terms and conditions of this Project Stabilization Agreement, and shall evidence their acceptance by the execution of the Agreement or of the Letter of Assent as set forth in Attachment A hereto, prior to the commencement of work. No contractor or subcontractor shall commence Project Work without having first provided a copy of the Agreement or Letter of Assent as executed by it to the Project Labor Coordinator and to the Council 48 hours before the commencement of Project Work., or with 48 hours after the award of the Project Work to that contractor (or subcontractor), whichever occurs later

- (c) The District agrees that to the extent permitted by law and consistent with the economy and efficiency of construction operation, it will use its best efforts to purchase materials, equipment and supplies which will not create labor strife. Under all circumstances, however, the District shall retain the absolute right to select the lowest reliable and responsible bidder for the award of contracts.

**Section 2.6** Coverage Exception. The parties agree and understand that this Agreement shall not apply to any work that would otherwise be covered Project Work except when a governmental agency or granting authority partially or fully funding such Project Work

determines that it will not fund if such Project Work is covered by this Agreement; or a law regulation, proposition or measure prohibits such coverage or the use by the District or for its benefit, of particular funds if such coverage exists. The District agrees that it will make every effort to establish the enforcement of this Agreement with a governmental agency or granting authority.

**Section 2.7** Schedule A's (a) The provisions of this Agreement, including the Schedule A's, which are the local collective bargaining agreements of the signatory unions having jurisdiction over the work on the Project, as such may be changes from time-to-time consistent with Article XXI, Section 21.3, and which are incorporated herein by reference shall apply to the work covered by this Agreement, notwithstanding the provision of any other local, area and/or national agreement which may conflict with or differ from the terms of this Agreement; provided, however, that such does not apply to the NTL Articles of Agreement or the Elevator Constructors (except, in the latter case, as provided in Attachment B). Where a subject covered by the provision of this Agreement is also covered by a Schedule A, the provision of this Agreement shall apply. Where a subject is covered by a provision to Schedule A and not covered by this Agreement, the provision of the Schedule A shall prevail. Any dispute as to the applicable source between this Agreement and any Schedule A for determining the wages, hours of working conditions of employees on this Project shall be resolved under the procedures established in Article X

(b) It is understood that this Agreement, together with the reference Schedule A's constitutes a self-contained, stand-alone agreement and by virtue of having become bound to this Project Stabilization Agreement, the contractor will not be obligated to sign any other local, and/or national collective bargaining agreement as a condition of performing work within the scope of this Agreement (provided, however, that the contractor may be required to sign an uniformly applied, non-discriminatory Participation Agreement at the request of the trustees or administrator of a trust fund established pursuant to Section 302 of the Labor Management Relations Act, and to which such contractor is bound to

make contribution under this Agreement, provided that such Participation Agreement does not purport to bind the contractor beyond the terms and condition of this Agreement and/or expand its obligation to make contributions pursuant thereto). It shall be the responsibility of the prime contractor to have each of its subcontractors sign the documents with the appropriate Craft Union prior to the subcontractor beginning Project Work.

**Section 2.8** Binding Signatories Only. This Agreement shall only be binding on the signatory parties hereto, and shall not apply to the parents, affiliates, subsidiaries, or other ventures of any such party.

**Section 2.9** Other District Work. This Agreement shall be limited to the construction work within the Scope of this Agreement including, specifically, site preparation and related demolition work, and construction, rehabilitation and maintenance work for new or existing facilities referenced in Section 2.2 above. Nothing contained herein shall be interpreted to prohibit, restrict or interfere with the performance of any other operating, work or function not covered by this Agreement, which may be performed by District employees or contracted for by the District for its own account, on its property or in and around a Project site.

**Section 2.10** Separate Liability. It is understood that the liability of the contractor(s) and the liability of the separate unions under this Agreement shall be several and not joint. The Unions agree that this Agreement does not have the effect of creating any joint employment status between or among the District or Project Labor Coordinator and/or any contractor.

**Section 2.11** Completed Project Work. As areas of covered work are accepted by the District, this Agreement shall have not further force or affect on such items or areas except where the contractor is directed by the District or its representatives to engage in repairs, modification, check-out and/or warranties functions required by its contract(s) with the District.

**ARTICLE 3**

The contractor shall have the right to determine the competency of all employees, the number of employees required, the duties of such employees within their craft jurisdiction, and shall have the sole responsibility for selecting employees to be laid off, consistent with Section 3.12 and with Article IV, Section 4.3 below. The contractor shall also have the right to reject any applicant referred by a Union for any reason, subject to any reporting pay required by Article VI, Section 6.6; provided, however, that such right is exercised in good faith and not for the purpose of avoiding the contractor's commitment to employ qualified workers through the procedures endorsed in this Agreement.

**Section 3.3** Referral Procedures. (a) For signatory unions now having a job referral system contained in a Schedule A, the contractor agrees to comply with such system and it shall be used exclusively by such contractor, except as modified by this Agreement. Such job referral system will be operated in a nondiscriminatory manner and in full compliance with federal, state, and local laws and regulations which require equal employment opportunities and non-discriminatory. All of the foregoing hiring procedures, including related practices affecting apprenticeship, shall be operated so as to consider the goals of the District to encourage employment of District residents and utilization of small local businesses on the Project, and to facilitate the ability of all contractors to meet their employment needs.

(b) The local unions will exert their best efforts to recruit and refer sufficient numbers of

skilled craft workers to fulfill the labor requirement of the contractor, including specific employment obligations to which the contractor may be legally and/or contractually obligated; and to refer apprentices as requested to develop a larger, skilled workforce. The local Unions will work with their affiliated regional and national unions, and jointly with the Project Labor Coordinator and others designated by the District, to identify and refer competent craftpersons as needed for Project Work, and to identify individuals, particularly residents of the District, for entrance into joint labor/management apprenticeship programs, or to participation in other identified programs and procedures to assist individuals in qualifying and becoming eligible for such apprenticeship programs, all maintained to increase the available supply of skilled craft personnel for Project Work and future construction, rehabilitation or maintenance work to be undertaken by the District.

The Parties shall endeavor to employ persons under this Article in compliance with this policy, and the contractors agree to remove such an individual in their employ from the particular Project site at the request of the District or the Project Labor Coordinator.

**Section 3.4** Non-Discrimination if Referral, Employment, and Contracting. The Unions and contractors agree that they will not discriminate against any employee or applicant for employment on the basis of race, color, religion, gender, national origin, age, union status, sexual orientation, marital status or disability. Further, it is recognized that the District has certain policies, programs, and goals for the utilization of local small business enterprises.

**Section 3.5** Employment of District residents. (a) In recognition of the District's mission to serve the District and its residents, the Unions and contractors agree that, to the extent allowed by law, and as long as they possess the requisite skills and qualifications, residents of the District shall be first referred for Project Work, including journey person, apprentice, or other positions which may be established under a Schedule A and covered by the applicable prevailing wage for utilization on Project Work, until at least 30 percent of the positions for Project Work for a particular contractor (including the contractor's "core workforce"), by craft, have been filled with District residents; and only if;

- (b) at least 30 percent of the positions for any one contractor, by individual craft, are filled by District residents; or
- (c) such individuals are not available, may others be referred to that contractor for Project Work.

(d) The Project Labor Coordinator shall work with the Unions and contractors in the administration of this local residency preference; and the contractors and Unions shall cooperate by maintaining adequate records to demonstrate to the Project Labor Coordinator that such preference have been pursued. As part of this process, and in order to facilitate the contract administration procedures, as well as appropriate benefit fund coverage, all contractors shall require their "core work force" and any other persons employed other than through the referral process, to register with the appropriate hiring hall, if any.

**Section 3.6** Core Employees. Except as otherwise provided in separate collective bargaining agreement(s) to which the contractor is signatory.

employed pursuant to the other provisions of this article, starting with Section 3.3. In laying off, an employer with 10 or less employees, the number of core employees shall not exceed one-half plus one of the workforce, assuming the remaining employees are qualified to undertake the work available

(iii) who possess any license required by state or federal law for the Project Work to be performed;

(iv) who have the ability to safely perform the basic functions of the applicable trade; and

(v) who are residents of the District on the effective date of this Agreement, or have been residents of the District for the one hundred working days prior to the award of Project Work to the contractor.

(d) If there are any questions regarding a core employee's eligibility under this provision, the Project Labor Coordinator, at the council's request, shall obtain appropriate proof of such from the contractor. **Section 3.7** Time for Referral. If any Union's registration and referral system does not fulfill the requirements for specific classifications of covered employees (including residency standards) requested by any contractor within forty-eight (48) hours (excluding Saturdays, Sundays and holidays), that contractor may use employment sources other than the union registration and referral services, and may employ applicants meeting such standards from any other available source. The contractor should promptly inform the Union of any applicants hired from other sources, and such applicants shall register with the appropriate hiring hall, if any.

**Section 3.8** Lack of Referral Procedure. If a signatory local Union does not have a job referral system as set forth in Section 3.3 above, the contractors shall give the union equal opportunity to refer applicants. The contractors shall notify the union of employees so hired, as set forth in Section 3.5.

**Section 3.9** Union Membership. No employee covered by this Agreement shall be required to join any union as a condition of being employed, or remaining employed, for the completion of Project Work; provided, however, that any employee who is a member of the referring union at the time of referral shall maintain that membership in good standing while employed under this Agreement. All employees shall, however be required to comply with the union security provisions of the applicable Schedule A for the period during which they are performing on-site Project Work to the extent, as permitted by law, of rendering payment of the applicable monthly working dues and any non-initiation or application fees uniformly required for membership in the Union.

**Section 3.10** Individual Seniority. Except as provided in Article IV, Section 4.3, individual seniority shall not be recognized or applied to employees working on the Project; provided, however, that group and/or classification seniority in a Union's Schedule A as of the effective date of this Agreement shall be recognized for purposes of layoffs.

**Section 3.11** Foremen. The selection and number of craft foremen and/or general

foreman shall be the responsibility of the contractor. All foremen shall take orders exclusively from the designated contractor representatives. Craft foreman shall be designated as working foreman at the request of the contractors.

#### **ARTICLE 4**

#### **UNION ACCESS AND STEWARDS**

**Section 4.1** Access to Project Sites. Authorized representatives of the Union shall have access to Project Work, provided that they do not interfere with the work of employees and further provided that such representatives fully comply with posted visitor, security and safety rules.

The relevant contractor agrees to notify the appropriate Union twenty-four (24) hours before the layoff of a steward, except in the case of disciplinary discharge of just cause. If the steward is protected against such layoff by the provisions of the applicable Schedule A, such provisions shall be recognized when the steward possesses the necessary qualifications to perform the remaining work. In any case in which the steward is discharged or disciplined for just cause, the appropriate Union will be notified immediately by the contractor, and such discharge or discipline shall not become final (subject to any later filed grievance) until twenty-four (24) hours after such notice have been given.
