

Would a **REAL** Republican support
a **discriminatory union-only agreement**
that cuts competition and
increases costs to taxpayers?

Ken MADDUX supports
the notorious Orange County
Project Labor Agreement

Evidence Ken Maddox is not a real Republican . . .

- President Bush banned Project Labor Agreements on federally-funded construction to ensure open competition.
- The O.C. GOP Congressional Delegation and the O.C. GOP Central Committee opposed the Orange County Project Labor Agreement.
- The O.C. Project Labor Agreement discriminates against Open Shop Contractors and their employees.

But Ken Maddox supported the notorious union-only Project Labor Agreement that gave unions control of county-funded construction in Orange County.

If Ken Maddox can't see the value to taxpayers of fair and open competition, why should he win your vote on March 2?

Vote for State Senate Candidate JOHN CAMPBELL, who opposes Project Labor Agreements for reasons obvious to any real Republican.
