Re: City of Brentwood Civic Center Project—Labor Stability Study

Dear Mr. Dayton and Ms. Goehring:

As you know, we are preparing a Labor Stability Study for the City of Brentwood Civic Center Project. I am contacting you regarding statements made by you to the members of the Council at the Brentwood City Council meeting held on April 14, 2009. Any information with corresponding documentation you could provide regarding the following questions would be appreciated. The information provided will be reviewed and included in the Study.

The specific information sought is:

1. Documentation that 80% of the construction labor market in Contra Costa County is non-signatory.

2. Documentation of actual incidents of a non-signatory contractor paying double fringe benefits (pension or other benefits) on a public works project covered by a Project Labor Agreement or Project Stabilization Agreement in Contra Costa County. (Certified payroll records would be sufficient).

As you may be aware, the anticipated timeline is to have the Labor Stability Study presented to the Council next month. Accordingly, your prompt response to this request is most appreciated.

Very truly yours,

Michael J. Vlaming
